- Assisted clients with personal hygiene and care (bathing, grooming & dressing),
- Assisted with meals & nutrition,
- Medication management & personal supervision
- Mobility (using patient hoisting equipment, turning disk, gait belt)
- Monitoring & reporting of vital signs, emotional support, companionship

2008 - 2015

EXECUATIVE – OPERATION | Mas Active Sleek Line (Pvt)Ltd, Sri Lanka

- **Data-Driven Productivity:** Analyzed complex operational data to identify bottlenecks, improve floor productivity, and significantly reduce material waste.
- **LEAN Practice Implementation:** Implemented continuous LEAN methodologies and practices to eliminate inefficiencies and enhance end-to-end workflow efficiency.
- **Cross-Functional Workflow Optimization:** Collaborated closely with cross-functional teams to streamline production processes and optimize inventory management strategies.
- **KPI Development & Performance Tracking:** Developed, monitored, and analyzed key performance indicators (KPIs) to track operational metrics and drive continuous improvement initiatives.
- **Large-Scale Resource Planning:** Managed production KPIs and strategic resource planning for large-scale operations involving teams of 500+ employees.

2005 - 2008

EXECUTIVE – OPERATION | Mas Active Sleek Line (Pvt)Ltd, Sri Lanka

- **Production Planning & Execution:** Managed daily manufacturing operations for high-volume apparel orders, ensuring 100% adherence to strict production schedules and delivery timelines.
- **Line Efficiency & Optimization:** Collaborated closely with the Industrial Engineering (IE) team to implement strategic line balancing, successfully reducing bottlenecks and boosting overall line efficiency.
- **Quality & Defect Reduction:** Supervised sewing floor quality metrics, implementing immediate corrective actions to minimize DHU (Defects per Hundred Units) and strictly maintain buyer-specific AQL standards.
- **Lean Manufacturing:** Driven operational excellence by applying Lean methodologies (5S, Kaizen, and Kanban) to minimize material waste, cut down changeover times, and reduce floor downtime.
- **Workforce Leadership:** Led, mentored, and managed a floor team of supervisors and operators, fostering a highly productive work environment and optimizing labor capacity utilization.
- **Cut-to-Ship Coordination:** Synchronized operations across cross-functional departments—including Cutting, Quality, Merchandising, and Packing—to ensure a seamless, bottleneck-free cut-to-ship workflow.
- **Cost Control & Material Management:** Monitored fabric and trim consumption against standard allowances to control variance, significantly minimizing raw material wastage during production runs.

2003 - 2005

MANAGEMENT TRANEE – PRODUCTION & OPERATION | IGS Lanka (Pvt)Ltd, Sri Lanka

- Completed a comprehensive management trainee program covering all key departments within the garment manufacturing operation.
- Gained practical exposure to Production Planning, Operations Management, Industrial Engineering, Quality Assurance, Merchandising, Supply Chain, Inventory Management, Human Resources, and Logistics.
